

Propulsion:

Standard Power: 120 hp OMC 4 cyl in-line gasoline engine with 153 cu in piston displacement; 3.88" bore x 3.25" stroke; OMC sterndrive unit with power tilt.

Optional Power: 140 hp MerCruiser 4 cyl in-line gasoline engine with 181 cu in piston displacement; 4.00" bore x 3.60" stroke; MerCruiser sterndrive unit with power tilt and power trim.

Test boat equipped with 140 hp MerCruiser.

Performance Chart*

rpm	mph	gph	mpg	running angle
1500	6.13	1.60	3.94	1.50°
2000	10.34	2.70	4.12	3.50°
2500	19.15	3.60	5.32	2.50°
3000	26.45	5.25	5.04	0.75°
3500	31.87	7.20	4.43	0.50°
4000	36.26	9.50	3.82	0.50°
4400	39.54	10.50	3.77	1.25°

Maximum cruising range at optimum cruising speed of 19.15 mph, 154 statute miles.

*Speeds based on clocked times over a measured course with two persons on board and full fuel tank. Speed runs timed with Heuer Auto-Rally stopwatches. Fuel consumption measured with Brooks Instrument flowmeter.
